

# Hi! I am Eric and I am 4 ½ years old.

*I really like singing, especially singing along to my Joseph and the Amazing Technicolour Dreamcoat CD in the car.*

*I go to Nursery every day where I enjoy sand, playing with playdoh and being creative with paint.*

*I like to play with Duplo and have recently developed my imaginative play – making trains with the bricks and track.*

*I enjoy the company of my carers and I love rough and tumble play – I like to be tickled and swung around but I also like gentle play with Lego.*

*I love to chat; I am really good at doing roly poly's.*

*I am learning to play simple board games. I sleep well and rarely wake up in the night.*

*Sometimes I can shout to get what I want but my carers are helping me to use my words.*

*I love the outdoors and enjoy my climbing frame in the garden.*

Eric and his brothers came into care in July 2018. They have experienced neglect and exposure to domestic violence, parental mental ill-health and alcohol misuse.

Eric has made significant progress since being placed in care and this is continuing now that he has started school nursery

A sibling assessment has been undertaken. Eric is due to be placed separately from his brothers. The plan is for them to have contact after adoption.

Areas to avoid: Hemel Hempstead, Kings Langley or surrounding areas.

If you would like to know more about **Eric** please contact:
